On April 20, 2010, Omega Healthcare Investors, Inc. ("Omega") announced that it had exercised its option to acquire 63 additional long-term care facilities (the "Option Portfolio") from affiliates of CapitalSource Inc. ("CapitalSource"). The aggregate consideration to be paid at the closing of the Option Portfolio (the "Option Closing"), which is expected to occur in June 2010, is approximately \$295 million, consisting of approximately: (i) \$34 million in cash to sellers, and (ii) repayment of \$261 million of debt at closing. The 63 facilities comprising the Option Portfolio represent 6,529 available beds located in 19 states, are part of 30 in-place triple net leases among 18 operators. The 30 leases generate approximately \$34 million of annualized revenue.

Omega acquired the option to purchase the Option Portfolio in connection with its previously reported Securities Purchase Agreement with CapitalSource, pursuant to which Omega acquired entities owning 40 facilities on December 22, 2009, and has agreed to acquire 40 additional facilities subject to obtaining consent of the U.S. Department of Housing and Urban Development (the "HUD Portfolio").

The consummation of the closings on each of the Option Portfolio and the HUD Portfolio are subject to customary closing conditions, and there can be no assurance as to when or whether such transactions will be consummated. The purchase price payable at each such closing is also subject to certain adjustments, including but not limited to a dollar-for-dollar increase or decrease of the consideration to the extent the assumed debt is less than or greater than the amount set forth in the purchase agreement, and an upward or downward adjustment to prorate certain items of accrued and prepaid income and expense of the CapitalSource subsidiaries to be acquired.
