No sales agent is required to sell any specific number or dollar amount of shares, but, subject to the terms and conditions of the equity distribution agreements and unless otherwise agreed by the sales agents and us, each sales agent will use its commercially reasonable efforts to sell the shares offered by this prospectus supplement and the accompanying prospectus as our agent. The offering of common stock pursuant to each equity distribution agreement will terminate upon the earlier of (i) the sale of all shares of common stock subject to the equity distribution agreements, or (ii) with respect to a particular equity distribution agreement, the termination of that equity distribution agreement by us or the applicable sales agent.

Prospectus supplement summary

This summary highlights information contained elsewhere in this prospectus supplement and the accompanying prospectus or incorporated by reference in this prospectus supplement and the accompanying prospectus. This summary does not contain all of the information that you should consider before making an investment decision. You should read carefully this entire prospectus supplement and the accompanying prospectus, including the matters discussed in "Risk factors" in this prospectus supplement, the accompanying prospectus, our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, as they may be amended, updated or modified periodically in our reports filed with the Securities and Exchange Commission, or SEC, and the financial data and related notes and the reports incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision.

COMPANY OVERVIEW

We were incorporated in the State of Maryland on March 31, 1992. We are a self-administered real estate investment trust, or REIT, investing in income-producing healthcare facilities, principally long-term care facilities located in the United States. We provide lease or mortgage financing to qualified operators of skilled nursing facilities, which we refer to as SNFs, and, to a lesser extent, assisted living facilities, independent living facilities, and rehabilitation and acute care facilities.

Our portfolio of investments at March 31, 2010, consisted of 295 healthcare facilities, located in 32 states and operated by 35 third-party operators. Our gross investment in these facilities totaled approximately \$1.8 billion at March 31, 2010, with approximately 99% of our real estate investments related to long-term healthcare facilities. This portfolio is made up of (i) 269 SNFs, (ii) seven assisted living facilities, (iii) five specialty facilities, (iv) fixed rate mortgages on 10 SNFs, (v) two SNFs that are owned and operated and (vi) two SNFs that are currently held for sale. At March 31, 2010, we also held other investments of approximately \$46.8 million, consisting primarily of secured loans to third-party operators of our facilities.

Our filings with the SEC including our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports are accessible free of charge on our website at <http://www.omegahealthcare.com>. Information on our website does not constitute part of this prospectus supplement.

RECENT DEVELOPMENTS

On June 9, 2010, we completed the acquisition of certain subsidiaries of CapitalSource Inc. owning 63 long-term care facilities for approximately \$293 million in cash. The 63 facilities represent 6,607 available beds located in 19 states and are part of 30 in-place triple net leases among 18 operators.

We have also agreed to acquire 40 additional facilities from CapitalSource Inc., subject to customary closing conditions. We expect the closing to occur on or around June 29, 2010, and there can be no assurance as to when or whether such transaction will be consummated .

On June 10, 2010, we amended and restated our charter to revise various provisions regarding REIT ownership limits to protect our status as a qualified REIT, and to otherwise modernize our charter based on recent developments in REIT law and industry practice. The amendments are described in our definitive proxy statement for the Annual Meeting of Stockholders held on June 9, 2010. The amended and restated charter was approved by our stockholders at the Annual Meeting of Stockholders held on June 9, 2010.

On April 13, 2010, we entered into a new \$320 million revolving senior secured credit facility, with Banc of America Securities LLC as Joint Lead Arranger and Sole Book Manager; Deutsche Bank Trust Company Americas as Joint Lead Arranger and Co-Syndication Agent; UBS Securities LLC as Co-Syndication Agent; Bank of America, N.A. as Administrative Agent; and General Electric Capital Corporation, Credit Agricole Corporate and Investment Bank, Jefferies Group, Inc., RBS Citizens, N.A., and Stifel Bank & Trust as Managing Agents.

These statements are based on information available on the date of this filing and only speak as to the date hereof and no obligation to update such forward-looking statements should be assumed. - uncertainties relating to the business operations of the operators of our assets, including those relating to reimbursement by third party payors, regulatory matters and occupancy levels;

- our ability to sell closed or foreclosed assets on a timely basis and on terms that allow us to realize the carrying value of these assets;

Cautionary language regarding forward-looking statements

Any subsequent written or oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth or referred to above, as well as the risk factors incorporated by reference in this prospectus supplement and the accompanying prospectus. Except as required by law, we disclaim any obligation to update such statements or to publicly announce the result of any revisions to any of the forward-looking statements incorporated by reference in this prospectus supplement and the accompanying prospectus to reflect future events or developments.

Risk factors

An investment in our common stock is subject to risk. Our business, financial condition and results of operations could be materially adversely affected by any of these risks. The trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment. Before you decide to invest in our common stock, you should carefully consider the risks described below and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, and in our subsequent reports on Form 10-Q, as such risks may be amended, updated or modified periodically in our reports filed with the SEC, as well as the other information included in and incorporated by reference in this prospectus supplement and the accompanying prospectus.

The market value of our common stock could be substantially affected by various factors.

Market volatility may adversely affect the market price of our common stock. As with other publically traded securities, the share price of our common stock depends on many factors, which may change from time to time, including:

- the market for similar securities issued by REITs;
- changes in estimates by analysts;
- our ability to meet analysts' estimates;
- prevailing interest rates;
- our credit rating;
- general economic and market conditions; and
- our financial condition, performance and prospects.

Our issuance of additional capital stock, warrants or debt securities, whether or not convertible, may reduce the market price for our outstanding securities, including our common stock, and dilute the ownership interests of existing stockholders.

We cannot predict the effect, if any, that future sales of our capital stock, warrants or debt securities, including pursuant to the equity distribution agreements, or the availability of our securities for future sale, will have on the market price of our securities, including our common stock. Sales of substantial amounts of our common stock or preferred shares, warrants or debt securities convertible into or exercisable or exchangeable for common stock in the public market, or the perception that such sales might occur, could negatively impact the market price of our common stock and the terms upon which we may obtain additional equity financing in the future. The issuance of any additional shares of our common stock or securities convertible into or exchangeable for common stock or that represent the right to receive common stock, or the exercise of such securities, could be substantially dilutive to holders of our common stock, including purchasers of common stock in this offering.

In addition, we may issue additional capital stock in the future to raise capital or as a result of the following:

- the issuance and exercise of options to purchase our common stock or other equity awards under remuneration plans (we may also issue equity to our employees in lieu of cash bonuses or to our directors in lieu of director's fees);
- the issuance of shares pursuant to our dividend reinvestment and direct stock purchase plan;
- the issuance of debt securities exchangeable for our common stock;
- the exercise of warrants we may issue in the future;
- lenders sometimes ask for warrants or other rights to acquire shares in connection with providing financing, and we cannot assure you that our lenders will not request such rights; and
- the sales of securities convertible into our common stock could dilute the interests of existing common stockholders.

There are no assurances of our ability to pay dividends in the future.

Our ability to pay dividends may be adversely affected if any of the risks described herein were to occur. Our payment of dividends is subject to compliance with restrictions contained in our credit agreements, the indentures governing our senior notes and our preferred stock. All dividends will be paid at the discretion of our Board of Directors and will depend upon our earnings, our financial condition, maintenance of our REIT status and such other factors as our Board of Directors may deem relevant from time to time. There are no assurances of our ability to pay dividends in the future. In addition, our dividends in the past have included, and may in the future include, a return of capital.

Holders of our outstanding preferred stock have liquidation and other rights that are senior to the rights of the holders of our common stock.

Our Board of Directors has the authority to designate and issue preferred stock that may have dividend, liquidation and other rights that are senior to those of our common stock. As of June 23, 2010, 4,339,500 shares of our 8.375% Series D cumulative redeemable preferred stock, or our Series D Preferred Stock, were issued and outstanding. The aggregate liquidation preference with respect to the outstanding Series D Preferred Stock is approximately \$108.5 million, and annual dividends on our outstanding Series D Preferred Stock were approximately \$9.1 million as of June 23, 2010. Holders of our Series D Preferred Stock are generally entitled to cumulative dividends before any dividends may be declared or set aside on our common stock. Upon our voluntary or involuntary liquidation, dissolution or winding up, before any payment is made to holders of our common stock, holders of our Series D Preferred Stock are entitled to receive a liquidation preference of \$25 per share, plus any accrued and unpaid distributions. This preference will reduce the remaining amount of our assets, if any, available to distribute to holders of our common stock. In addition, holders of our Series D Preferred Stock have the right to elect two additional directors to our Board of Directors if six quarterly preferred dividends are in arrears. If this were to occur, the holders of our Series D Preferred Stock would have significant control over our affairs, and their interests may differ from those of our other stockholders.

Legislative or regulatory action could adversely affect purchasers of our common stock.

In recent years, numerous legislative, judicial and administrative changes have been made in the provisions of the federal income tax laws applicable to investments similar to an investment in our common stock. Changes are likely to continue to occur in the future, and we cannot assure you that any of these changes will not adversely affect our stockholder's stock. Any of these changes could have an adverse effect on an investment in our common stock or on market value or resale potential of our common stock. Stockholders are urged to consult with their own tax advisor with respect to the impact that recent legislation may have on their investment and the status of legislative, regulatory or administrative developments and proposals and their potential effect on their investment in our common stock.

Use of proceeds

We intend to use the net proceeds from the sale of the shares that we may offer under this prospectus supplement and the accompanying prospectus, after deducting commissions and estimated offering expenses, for working capital and general corporate purposes.

Pending the application of such proceeds, we intend to invest the proceeds in short-term, interest bearing, investment-grade marketable securities or money market obligations.

Additional federal income tax considerations

The rules dealing with Federal income taxation are constantly under review by persons involved in the legislative process and by the Internal Revenue Service and the U.S. Treasury Department. Since April 10, 2008, the date of the Prospectus, the Housing and Economic Recovery Tax Act of 2008, or the 2008 Act, and the Hiring Incentives to Restore Employment Act of 2009, or the 2009 Act, were enacted into law, both of which contain provisions that potentially impact the taxation of REITs and/or their shareholders. The 2008 Act's sections that affect the REIT provisions of the Internal Revenue Code of 1986, as amended, or the Code, are generally effective for taxable years beginning after the 2008 Act's date of enactment, and for us will generally mean that the new provisions apply from and after January 1, 2009, except as otherwise indicated below.

Among others, the 2008 Act made the following changes to, or clarifications of, the REIT provisions of the Code that could be relevant for us:

- Taxable REIT Subsidiaries. The limit on the value of taxable REIT subsidiaries' securities held by a REIT has been increased from 20% to 25% of the total value of such REIT's assets. See "Certain Federal Income Tax Considerations – Taxation of Omega – Asset Tests" in the accompanying prospectus.
- Rents Received from a Taxable REIT Subsidiary. The rules allowing certain rental income received by a REIT from its taxable REIT subsidiary to be treated as qualified rents for purposes of the 75% and 95% gross income tests has been extended to include rental income received by a REIT with respect to a lease to its taxable REIT subsidiary of an interest in real property that is a qualified health care property if such property is operated on behalf of such subsidiary by a person who is an eligible independent contractor.
- Foreign Currency as Cash. Foreign currency that is the functional currency of a REIT or a qualified business unit of a REIT and is held for use in the normal course of business of such REIT or qualified business unit will be treated as cash for purposes of the 75% asset test. The foreign currency must not be derived from dealing, or engaging in substantial and regular trading in securities. See "Certain Federal Income Tax Considerations – Taxation of Omega – Asset Tests" in the accompanying prospectus.
- Foreign Currency Gain. Under the 2008 Act, real estate foreign exchange gain is not treated as gross income for purposes of the 75% and 95% gross income tests. Real estate foreign exchange gain includes gain derived from certain qualified business units of the REIT and foreign currency gain attributable to (i) qualifying income under the 75% gross income test, (ii) the acquisition or ownership of obligations secured by mortgages on real property or interests in real property, or (iii) being an obligor on an obligation secured by mortgages on real property or on interests in real property. In addition, passive foreign exchange gain is not treated as gross income for purposes of the 95% gross income test. Passive foreign exchange gain includes real estate foreign exchange gain and foreign currency gain attributable to (i) qualifying income under the 95% gross income test, (ii) the acquisition or ownership of obligations, or (iii) being the obligor on obligations and that, in the case of (ii) and (iii), does not fall within the scope of the real estate foreign exchange definition.
- Expanded Prohibited Transactions Safe Harbor. The safe harbor from the prohibited transactions tax for certain sales of real estate assets is expanded by reducing the required minimum holding period from four years to two years. In addition, the exception from the prohibited transactions rules for sales of property during a taxable year that, in the aggregate, are not in excess of 10% of aggregate adjusted basis was expanded to provide for an alternative test excluding sales of property that, in the aggregate, are not in excess of either 10% of aggregate adjusted basis or 10% of fair market value. See "Certain Federal Income Tax Considerations – Taxation of Omega – Prohibited Transactions" in the accompanying prospectus.
- Hedging Income. Income from a hedging transaction entered into after July 30, 2008, that complies with identification procedures set out in Treasury regulations and hedges indebtedness incurred or to be incurred by us to acquire or carry real estate assets will not constitute gross income for purposes of both the 75% and 95% gross income tests. See "Certain Federal Income Tax Considerations – Taxation of Omega – Income Tests" in the accompanying prospectus.
- Reclassification Authority. The Secretary of the Treasury is given broad authority to determine whether particular items of gain or income recognized after July 30, 2008, qualify or not under the 75% and 95% gross income tests, or are to be excluded from the measure of gross income for such purposes.

The 2009 Act will require, after December 31, 2012, withholding at a rate of 30% on dividends in respect of, and gross proceeds from the sale of, our stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to shares in the institution held by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons. Similarly, after December 31, 2012, dividends in respect of, and gross proceeds from the sale of, our stock held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which we will in turn provide to the Secretary of the Treasury.

Plan of distribution

We have entered into separate equity distribution agreements with each of Credit Agricole Securities (USA) Inc., Deutsche Bank Securities Inc., Jefferies & Company, Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBS Securities Inc., Stifel, Nicolaus & Company, Incorporated, and UBS Securities LLC, which we refer to individually as a “sales agent” and collectively as the “sales agents,” relating to shares of our common stock, par value \$0.10 per share, offered by this prospectus supplement and the accompanying prospectus. Pursuant to the terms of each equity distribution agreement, we may offer and sell shares of our common stock having an aggregate gross sales price of up to \$140,000,000 from time to time through or to the sales agents. Sales of the shares, if any, will be made by means of ordinary brokers’ transactions on the NYSE or otherwise at market prices prevailing at the time of sale or negotiated transactions or as otherwise agreed with the applicable sales agent. Our sales agents will not engage in any transactions that stabilize the price of our common stock. No more than one of the sales agents will sell shares on the same day. The actual number of shares issued pursuant to the equity distribution agreements may be limited as a result of our available authorized, unissued and unreserved shares of our common stock.

Each sales agent will offer shares of our common stock on a daily basis or as otherwise agreed upon by us and the applicable sales agent. We will designate the minimum price per share at which the shares may be sold and the maximum amount of shares of common stock to be sold through each sales agent. Subject to the terms and conditions of the applicable equity distribution agreement, each sales agent has agreed to use its commercially reasonable efforts to sell, on our behalf, all of the designated shares of common stock. We or the applicable sales agent may suspend the offering of shares of common stock being made through such sales agent under the applicable equity distribution agreement upon proper notice to the other party. We may instruct any sales agent not to sell shares of common stock if the sales cannot be effected at or above the price designated by us.

We will pay each sales agent compensation for sales of the shares equal to 2% of the gross sales price per share of shares sold through such sales agent under the applicable equity distribution agreement. The remaining sales proceeds, after deducting any expenses payable by us and any transaction fees imposed by any governmental or self-regulatory organization in connection with the sales, will equal our net proceeds from the sale of the shares that we may offer under this prospectus supplement and the accompanying prospectus. We have agreed to reimburse our sales agents for certain of their expenses in certain circumstances.

Settlement for sales of our common stock will occur, unless we and the applicable sales agent agree otherwise, on the third business day following the date on which any sales were made in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

We will deliver to the NYSE copies of this prospectus supplement and the accompanying prospectus pursuant to the rules of the NYSE. Unless otherwise required, we will report at least quarterly the number of shares of common stock sold through the sales agents under the equity distribution agreements, the net proceeds to us and the compensation paid by us to the sales agents in connection with such sales of shares of common stock.

Under the terms of the equity distribution agreements, we also may sell shares to each of Credit Agricole Securities (USA) Inc., Deutsche Bank Securities Inc., Jefferies & Company, Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBS Securities Inc., Stifel, Nicolaus & Company, Incorporated, and UBS Securities LLC, as principal for its own respective account, at a price agreed upon at the time of sale. If we sell shares to Credit Agricole Securities (USA) Inc., Deutsche Bank Securities Inc., Jefferies & Company, Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBS Securities Inc., Stifel, Nicolaus & Company, Incorporated, and UBS Securities LLC, as principal, we will enter into a separate terms agreement with Credit Agricole Securities (USA) Inc., Deutsche Bank Securities Inc., Jefferies & Company, Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBS Securities Inc., Stifel, Nicolaus & Company, Incorporated, and UBS Securities LLC, as applicable, setting forth the terms of such transaction, and we will describe the agreement in a separate prospectus supplement or pricing supplement.

In connection with the sale of the common stock on our behalf, each of the sales agents may be deemed to be an “underwriter” within the meaning of the Securities Act and the compensation paid to each of the sales agents may be deemed to be underwriting commissions or discounts. We have agreed in the equity distribution agreements to provide indemnification and contribution to each of the sales agents against certain civil liabilities, including liabilities under the Securities Act. The sales agents may engage in transactions with, or perform other services for, us in the ordinary course of business.

If any sales agent or we have reason to believe that our common stock is no longer an “actively-traded security” as defined under Rule 101(c)(1) of Regulation M under the Exchange Act, that party will promptly notify the other parties and sales of common stock under the equity distribution agreements and any terms agreement will be suspended until that or other exemptive provisions have been satisfied in the judgment of the sales agents and us.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate gross sales price of the securities that we may offer under this prospectus supplement and the accompanying prospectus.

The offering of common stock pursuant to each equity distribution agreement will terminate upon the earlier of (1) the sale of all shares of common stock subject to the equity distribution agreements, or (ii) with respect to a particular equity distribution agreement, the termination of that equity distribution agreement by us and/or the applicable sales agent.

Affiliations

The sales agents or affiliates or their predecessors have, from time to time, provided commercial banking, investment banking and other financial advisory services to us, for which they have received customary fees.
